

Literature Commission

FIP Literature Commission Report for 77th FIP Congress

We are pleased to present the FIP Literature Commission report for the years 2022 and 2023.

The revised SREV, approved by the FIP Board on August 8, 2022, in Jakarta, Indonesia, is now fully operational, particularly in the area of digital media regulation.

We have appointed the following bureau members by invitation:

Mr. Christian Mouat (Chile)

Mr. Norman Banfield (New Zealand)

Additionally, due to personal reasons, Mr. Andrew Leong was unable to continue serving as secretary. We have appointed Prof. P.C. Shaw as the new secretary.

The commission had a successful meeting during the IBRA 2023 World Stamp Exhibition on May 27, 2023. During this meeting, we discussed the issue of the same literature exhibits being displayed under different exhibitors.

The Following two philatelic literature presentations were conducted during IBRA meeting:

Regulations and Procedures for Judging Literature Exhibits
by Mr. Ari Muhonen

Literature SREV Guidelines and supplementary Rules – Getting the Changes Implemented
by Mr. Norman Banfield

We received suggestions to conduct seminars on literature philately to promote the literature class. In response, the FIP qualifying seminar titled "The Judging Criteria for Literature Exhibits" was held on December 1, 2023, in Bangkok during the Thailand 2023 World Stamp Championship.

During the seminars, the attendees took part in the question and answer session. They joined in the open discussion eagerly. This showed how strong the literature commission is. Their interaction made the seminars successful and valuable.

Literature Commission

This success has generated interest in organizing similar FIP qualifying seminars in the future to further promote the FIP Literature class. The seminar generated significant interest among attendees, and many requested to access the seminars copies online for further reference.

The seminars copies are available at our website: <https://literature.f-i-p.ch/seminars/>

We have received suggestions from delegates and several literature exhibitors to hold a general feedback session for literature exhibitors in exhibitions.

The Literature Commission issued one newsletter in 2022 and two newsletters in 2023 (June and December), copies are available at our website.

We would like to extend sincere thanks to all the delegates and Mr. Aldo Samame (FIP Liaison Officer) for their guidance and support in promoting literature philately.

Thank you for your kind attention.
