

FIP Literature Commission Report 2023

We are pleased to report that the FIP literature commission had a successful meeting during the IBRA 2023 World Stamp Exhibition on 27 May 2023 followed by two literature philatelic presentations.

- Regulations and Procedures for judging literature exhibits
by Mr. Ari Muhonen
- Literature SREV Guidelines and supplementary Rules – Getting the changes implemented.
by Mr. Norman Banfield

During IBRA 2023 meeting we discussed the same literature exhibits displayed under different exhibitors. We are working to address this issue, as different delegates have different thoughts, but we all agreed that "it is not permissible to apply the same entry by different exhibitors at the same exhibition". We are working to revise the Literature Information Form with additional consent section.

The Bureau received a suggestion to conduct seminars on literature philately. In response, we approached the FIP board to provide an opportunity to host a FIP qualifying seminar in Bangkok, our request was accepted.

The FIP qualifying seminar "The Judging Criteria for Literature Exhibits" by Mr. Javaid Muhammad was held on 1 December 2023 in Bangkok during the Thailand 2023 World Stamp Championship. The seminar exceeded expectations in terms of attendance, a total of 56 participants attended the session.

Also, we have received suggestions from our delegates and a few literature exhibitors to have a general feedback session for literature exhibitors.

The Literature Commission issued two Newsletters in the year 2023 (June and December).

Thank you for your kind attention.

FIP Literature Commission Bureau
